June 10, 2008

Dear Marvista Families,

We are excited to share that construction is beginning this month on our new building! Soon you will see fences being put up to block off the construction area. Fortunately, we will have one side of the field available to access Marvista until the last day of this school year, June 18th. Students who walk to school *must* enter the school grounds from the south end of the field.

Please note that after this school year ends, there will no longer be access to the school grounds from 4th Avenue. Students will be able to continue to walk down 4th Avenue but will need to turn onto 200th in order to access Marvista.

Unfortunately, this may be an inconvenience to many, but it will be a one year adjustment that will result in a beautiful new building. Please keep in mind, we want to make this a smooth and safe transition. If you are eligible for district transportation, I strongly encourage you to utilize these services. This will also significantly decrease the congestion in the parking lots and drop off area next year. Your cooperation and support is appreciated.

The school's safety committee, district, and city are working together to come up with the safest arrival and dismissal procedures for our students and families. We will update you in the fall with further information. Have a wonderful and safe summer!
